WHAT WE GET BY

JOINING FRIENDSHIP?

FRIENDSHIP participants, mentioned as FRIENDSHIP fellows, will gain an opportunity to learn more about

1. Project Management and Evaluation
2. Leadership and Management
3. Education Method and ML-Web (Mentoring and Learning Web)
4. Educational Research and Scholarship.
5. Community of Practice

The Programs offer fellows to excel in Leadership and Advanced Research in Health Professions Education. All fellows are expected to establish and initiate a project relevant to their interests and needs, to be evaluated and developed in the fellowship program.

The Benefits of joining the FRIENDSHIP fellowship program for the lectures, students of master and doctoral programs in medical and health professions education, and other health practitioners are:

1. Get a full scholarship for UGM lectures/staff.
2. Scholarship is available for the 2nd year fellows with academic achievement criteria.
3. Research scholarships are available for outstanding fellows.
4. Opportunities to get involved and be a member of FAIMER international communities through FAIMER Connect.
5. All fellows get a supporting certificate from the Department of Medical Education and Bioethics, Faculty of Medicine, Public Health and Nursing UGM. These certificates are formulated as a Certificate of Training, which indicates ECTS credits that refer to the topic and material subject to the FRIENDSHIP Residential Program.
